

Livable art.net

by Cornerstone Homes

Cornerstone's latest work of Livable Art will enchant you with its multiple hidden courtyards & fanciful water features. This ranch-style home features dramatic entry towers, outdoor sleeping rooms adjacent to roof-top observation deck with fireplace, glass floor panels in its entry, walls of glass which blur the line between courtyard & kitchen. and many more features than we can list. All this combined with luxurious finishes this sort of home demands. Views forever from its huge southwest facing lot.
